

# **Lawrence County Science Fair 2019**

**Our 2019 Lawrence County Science Fair, which was held Feb. 7, 2019, was a great success!!**

**Chesapeake Middle School was our school sponsor this year. Ty Johnson, Principal of Chesapeake Middle School, and his staff went above and beyond the “call of duty” in helping everyone to have a successful fair.**

**Seven school districts from around Lawrence County participated in the fair. Students from the 5<sup>th</sup> thru the 8<sup>th</sup> grades came from Chesapeake, Fairland, Ironton, South Point, Rock Hill, Dawson-Bryant and St. Lawrence to participate. This year we had one hundred fifty-seven students participating in our county science fair, along with approximately sixty-five local and university professionals volunteering to be judges for our fair.**

**The Lawrence County Educational Service Center would like to thank everyone involved in this year’s 2019 Lawrence County Science Fair. It is a large undertaking that requires a united group effort...thanks again to all involved!!**

***\*Just a reminder:* The ESC will reimburse the registration fee to the school districts for the District 14 Science Fair for any student who received a superior rating at the 2019 Lawrence County Science Fair.**
