

Lawrence County Model United Nations 2019-2020

On Thursday-November 14, 2019, the Lawrence County Educational Service Center hosted the **Model United Nations** event for our 6th, 7th, and 8th grade talented and gifted students in Lawrence County. Schools from around the county attended the event which took place in the Bowman Auditorium at Ohio University-Southern. It was a day-long event that included presentations from students representing sixteen countries from around the world. Students took turns reading their resolutions they had created for their individual countries. After following the general rules of order, the other countries that were present were allowed to vote on whether or not to pass or fail the resolution.

Model United Nations is an educational activity that involves real life experience and is an authentic duplicate of the actual process of the United Nations. This activity not only teaches students about the United Nations and their role in our society and world today, but also gives them a chance to practice their public speaking skills, provides them with the concept of critical thinking, and allows them the opportunity to form and communicate their own opinions.

It was a great day of real life education and another great example of “hands-on” learning for our county students.

2019-2020 LAWRENCE COUNTY MODEL UNITED NATIONS **COUNTRIES AND DELEGATES**

Outstanding Delegate-Winners, Outstanding Country-Winners, Outstanding Resolution-Winners

Dawson-Bryant

Bangladesh - Keegan Schultz, Ashton Smith, Laura Hamm, Olivia Kingrey
